

2022 ORGANIZATIONAL STATS

Providence Animal Rescue League is a participant of Shelter Animals Count and is proud to report our statistics to maintain transparency, identify trends, and consistently reflect upon where we are, where we have been, and where we want to go. The reporting format tracks the status of every pet using a nationally recognized standard known as the Basic Data Matrix, created in accordance with the Asilomar Accords.

LIFESAVING PERCENTAGE

Our lifesaving percentage represents the number of animals being saved by our organization. Within the animal sheltering field, there are several different ways to calculate this number. Below are the three most popular methods.

Best Friends Save Rate (Total Intake - Died or Lost in Care - Euthanasia excluding Owner Requested Euthanasia) / Total Intake - Owner Requested Euthanasia	96%
Maddie's Fund Live Release Rate Live Outcomes / (All Outcomes - Untreatable Owner Requested Euthanasia - Died or Lost in Care)	96%
ASILOMAR Live Release Rate Live Outcomes / (All Outcomes - Untreatable Owner Requested Euthanasia)	95%
